PIECE ODOR
DISINFECTANT/DETERGENT

CLEANER – DISINFECTANT – DEODORIZER – FUNGICIDE

Hazard: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

CORROSIVE. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, rubber gloves, and protective clothing. May be fatal if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

PRECAUTIONARY STATEMENTS

DIRECTIONS FOR USE

It is a violation of Federal Law to use or store near heat or open flame.

FUNCTIONAL ACTIVITY

- When diluted at the rate of 4 ounces per gallon of water, this product is effective against the pathogenic fungus, Trichophyton mentagrophytes (Athlete’s Foot Fungus), on hard surfaces found in bathrooms, shower stalls, locker rooms, exercise facilities or other clean, non-porous, hard surfaces commonly contacted by bare feet.

PESTICIDE DISPOSAL:

- Pesticide wastes are acutely hazardous. Improper disposal of these products, spray mists, or residues may be a violation of Federal Law. If these wastes cannot be disposed of by you according to label instructions, contact your local Pesticide Control Agency or your Federal or Environmental Protection Agency’s (USEPA) Hazardous Waste Management Office for proper disposal.

STORAGE AND DISPOSAL

DO NOT CUSTODY MAKE WATER OR FOOD, OR MEAL OR FOOD

PESTICIDE STORAGE:

- Store in a dry place no lower in temperature than 50°F or higher than 120°F. Store in a tightly closed container in an area inaccessible to children.

CONTAINER DISPOSAL:

- Nonrefillable container. Do not refill or refill this container. Offer for recycling, if available. Triple rinse container promptly after emptying. (Containers 5 gallons or less) Triple rinse as follows. Fill container 1/4 full with water and rinse. Agitate vigorously. Follow Pesticide Disposal Instructions on label and site for any potential hazardous materials in the container. Pour out remaining contents, rinse the container. Let air dry. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

- For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

DIRECTIONS FOR USE

Pine Odor Disinfectant/Deodorizer – Pine Odor Disinfectant/Detergent, formulated with a quaternary-pine oil combination, is a broad spectrum bactericide and fungicide for use in nursing homes, hospitals, schools, lodging establishments, transportation terminals, office buildings, manufacturing facilities, retail businesses, and athletics/athleti

- This product provides both cleaning and disinfection.

- This product may also be used as a general cleaner for areas where a fresh pine scent is desirable.

- This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

- Combination, is a broad spectrum bactericide and fungicide for use in nursing homes, hospitals, schools, lodging establishments, transportation terminals, office buildings, manufacturing facilities, retail businesses, and athletics/athletic/athletic facilities.

- Bactericidal activity - When diluted at the rate of 4 ounces per gallon of water, this product exhibits effective disinfectant activity against the organisms: Staphylococcus aureus, Salmonella enterica and Pseudomonas aeruginosa and meets all requirements for hospital use.

- This product is not for use on medical device surfaces.

- DISINFECTANT – To disinfect previously cleaned, uninfected, hard surfaces add 4 ounces of this product per gallon of water. Apply with a mop, cloth, sponge or hand-pump trigger sprayer so as to wet thoroughly. Allow to remain wet for 10 minutes and then let air dry.

-仅供专业医护人员使用。切勿用作一般消毒剂。

- This product is toxic to fish and aquatic invertebrates.
