Avoid breathing dust/fume/gas/mist/vapours/spray. Wash thoroughly after handling Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection. If on skin: Wash with plenty of water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Specific treatment (see supplemental first aid instruction on this label). If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. Wash contaminated clothing before reuse. Dispose of contents/container to hazardous or special waste collection point, in accordance with
	2.2 Other hazards	

No additional information available

2.4. Unknown acute toxicity (GHS US)

Not applicable.

SECTION 3: Composition/information on ingredients

3.1. Substances

Not applicable

3.2. Mixtures

Name	Product identifier	%	GHS-US classification
Bisphenol A Epoxy Resin	(CAS-No.) 25085-99-8	60-80	Skin Irrit. 2, H315
(Polymer)			Eye Irrit. 2, H319
			Skin Sens. 1, H317

All hazardous chemicals, as determined by 29 CFR 1910.1200 have been listed. A specific chemical identity and/or percentage of composition has been withheld as a trade secret. Any concentration shown as a range is to protect confidentiality or is due to batch variation.

SECTION 4: First aid measures	
.1. Description of first aid measure	es
First-aid measures after inhalation	: Remove the victim into fresh air. If experiencing respiratory symptoms: Call a POISON
First-aid measures after skin contact	CENTER/doctor. : Drench the affected area immediately with plenty of water. Remove contaminated clothing. Wash the neural head of the second
First-aid measures after eye contact	thoroughly with soap and water for at least 15 minutes. : In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
4.2. Most important symptoms and	l effects, both acute and delayed
No additional information available	
4.3. Indication of any immediate me	edical attention and special treatment needed
No additional information available	
SECTION 5: Firefighting measur	res
5.1. Extinguishing media	
Suitable extinguishing media	: Foam. Carbon dioxide. Dry chemical powder.
5.2. Special hazards arising from the	he substance or mixture
No additional information available	
5.3. Advice for firefighters	
Firefighting instructions Protection during firefighting	 Do not enter fire area without proper protective equipment, including respiratory protection. Appropriate self-contained breathing apparatus may be required. Wear recommended personal
Other information	protective equipment. : On exposure to high temperature, may decompose, releasing toxic gases.
	. On exposure to high temperature, may decompose, releasing toxic gases.
SECTION 6: Accidental release I	measures
	measures ve equipment and emergency procedures
 6.1. Personal precautions, protectiv General measures 6.1.1. For non-emergency personnel 	 ve equipment and emergency procedures Prevent from entering sewers, basements and workpits, or any place where its accumulation can be dangerous. Absorb spillage to prevent material damage.

Safety Data Sheet

SECTION 8: Exposure controls/personal protection

8.1. **Control parameters**

Bisphenol A Epoxy Resin (25085-99-8)

Not applicable

8.2. **Exposure controls**

Appropriate engineering controls Personal protective equipment

- Ensure good ventilation of the work station.
- : : Safety glasses. Wear protective gloves. Protective clothing. Wear respiratory protection.

SECTION 9: Physical and chemical properties					
9.1. Information on basic physical and chemical properties					
Physical state Appearance Odour Odour threshold pH Melting point Freezing point Boiling point Flash point Relative evaporation rate (butylacetate=1) Flammability Explosive limits Explosive properties Oxidising properties Oxidising properties Vapour pressure Relative density Relative vapour density at 20°C Density Solubility Partition coefficient n-octanol/water (Log Pow) Partition coefficient n-octanol/water (Log Kow) Auto-ignition temperature Decomposition temperature Viscosity Viscosity, kinematic	 Liquid Clear, colorless liquid No data available 				
Viscosity, dynamic	: No data available				

SECTION 10: Stability and reactivity

Reactivity 10.1.

No additional information available

10.2. **Chemical stability**

No additional information available

Possibility of hazardous reactions 10.3.

No additional information available

10.4. **Conditions to avoid**

No additional information available

Incompatible materials 10.5.

No additional information available

10.6. Hazardous decomposition products

No additional information available

Safety Data Sheet

11.1.

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity	: Not classified
Bisphenol A Epoxy Resin (25085-99-8)	
LD50 oral rat	> 4000 mg/kg
LD50 dermal rabbit	> 20000 mg/kg
Serious eye damage/irritation Respiratory or skin sensitisation Germ cell mutagenicity Carcinogenicity Reproductive toxicity STOT-single exposure STOT-repeated exposure	 Causes skin irritation. Causes serious eye irritation. May cause an allergic skin reaction. Not classified Not classified Not classified Not classified Not classified
Aspiration hazard	: Not classified

SECT	ION 12: Ecological information
12.1.	Toxicity
No add	itional information available
12.2.	Persistence and degradability
	Persistence and degradability itional information available

12.3. Bioaccumulative potential No additional information available

SECTION 13: Disposal considerations

13.1. Waste treatment metho	ds	
No additional information available		
SECTION 14: Transport in	formation	
Department of Transportation (D	от)	
In accordance with DOT : Not r	egulated for transport	
Additional information		
Other information	: No supplementary information available.	
ADR		
No additional information available		
Transport by sea		
No additional information available		
Air transport		
No additional information available		

SECTION 15: Regulatory information

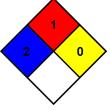

All components of this product are present and listed as Active on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory

This product or mixture is not known to contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer, developmental and/or reproductive harm

SECTION 16: Oth	er information	
NFPA health hazard	: 2 - Materials that, under emergency conditions, can cause temporary incapacitation or residual injury.	
NFPA fire hazard NFPA reactivity	 1 - Materials that must be preheated before ignition can occur. 0 - Material that in themselves are normally stable, even under fire conditions.
