SILICONE LUBRICANT is a dry silicone lubricant formulated to stop sticking, binding and squeaking. It is a unique formulation of a reactive-grade silicone in an inert fluid carrier that prevents buildup and allows even and controlled silicone distribution. When used as directed does not cause “fish eyes” in paint, and is therefore useful in auto-body shops, mold-release, and other applications where paintability is required. SILICONE LUBRICANT is also excellent for metal-to-metal, aluminum, rubber & plastic lubrication, thread & fiber-lubes, and rubber & plastic mold release applications.

APPLICATIONS:
Automotive: Lubricates window channels, doors, weather stripping, trunk seals, under-carriage, rubber mounting, emergency brakes, pedal shafts, car seats, adjustment mechanisms. Eliminates squeaks from fan belts (do not apply when running). Prevents battery terminal corrosion. Waterprooﬁng ignition system.

Packaging: Prevents waxies, adhesives and plastics from sticking to heat sealers. Reduces clean-up time. Eliminates friction on guide rolls, conveyors, movable tables, etc.

Garments: Promotes slip on pinning machines, cutting and dies. Prevents bunching of fabrics during sewing operation.

Packaging: Prevents waxies, adhesives and plastics from sticking to heat sealers. Reduces clean-up time. Eliminates friction on guide rolls, conveyors, movable tables, etc.

Garments: Promotes slip on pinning machines, cutting and dies. Prevents bunching of fabrics during sewing operation.

DIRECTIONS: Thoroughly clean surface to be sprayed. Hold the SILICONE LUBRICANT can 8” to 10” from surface. Spray lightly with a sweeping motion. Avoid overspraying. On sticking parts, work back and forth to allow good penetration. Canister made from 25% post-consumer recycled plastic.

INGREDIENTS/CAS#:
Hexamethyldisiloxane (142-82-5); Propane (74-98-6); Butane (106-97-8); Silicone Fluid (8098.100815)

RESPONSE:
IF SWALLOWED: Immediately call a poison control center or doctor if you feel unwell. Do NOT induce vomiting. IF INHALED: Remove person to fresh air and wash it before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to remove. Continue rinsing.

FLAMMABILITY:
Health: 2; Flammability: 4; Reactivity: 0; Maximum Personal Protection: G

STORAGE:
Store in a well-ventilated area. Keep away from open flame or other ignition source. Keep tightly closed when not in use. Store at room temperature or below.

IF ON SKIN: Remove contaminated clothing and wash skin with soap and water. If skin irritation occurs, get medical attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to remove. Continue rinsing.

CONTENTS UNDER PRESSURE. KEEP OUT OF REACH OF CHILDREN.

SEE BACK PANEL FOR ADDITIONAL PRECAUTIONS.

Net Wt. 13 oz. (369 g)
