w/Wire Cutter

CODE:

STT5001002

DESCRIPTION:

8" Heavy Duty
Snipscissors

CODE:

STT5001003

DESCRIPTION:

7" Heavy Duty
Electrician's
Snipscissor
Crimper

- Heavy duty 420J2 stainless steel cutting knives.
- The 7" and 8" Snipscissors have a Rockwell C hardness of 53.
- The 7" Snipscissor Crimper - stranded/cable wire cutter has a Rockwell C hardness of 58.
- Leading edge serrated blades prevent what's being worked on from slipping, moving or shifting during the cutting/snipping process.
- Impact resistant and anti-slip nylon TPR (thermal resistant plastic). Ergo handles provide long lasting comfort, protection and safety while performing "the task at hand".
- The 7" Snipscissors includes a stranded wire cutter function from 1GA to 22-18GA.
- The 7" Electrician's Snipscissors Crimper, stranded wire cutter cuts stranded wire from 2/0GA to 22-18GA, crimps 22GA-14GA, and also has a built-in solid soft wire cutter.
- Precision ground and serrated cutting knives cut and snip stranded copper wire, thin sheet metal, paper, plastic, rubber belting and hoses, shrubs, small limbs, fabric and leather.
- The perfect high performance tools for every shop.
