

Spinning Handmaster Magnetic Locking Driver

A 6 pc. magnetic locking driver set

- State-of-the-art, patented *drop and lock-snap up and release* locking chuck
- Patented chuck guarantees no foreign material extraction will have to be performed from using these driver's
- Much faster and more convenient than a keyless chuck
- Free spinning outer sleeve allows user to completely control the *task at hand* while still allowing the driver to operate uninterrupted at any speed
- Multiple lengths allow for access in deep, tight, hidden, and confined spaces
- Use with all 1/4" driver bits in the 204 pc. and 215 pc. Master Security Bit Sets, Cryodrive Hex Bits, Quick Change Bits, Countersink Hex Bits, Hex Spade Wood Bits, Nutdrivers, Hex Draps, Hex Drill Bits, and more
- Finally, a magnetic drive tool set that allows you to complete the *task at hand* with many options
- The set includes a custom tool carrier with a dropdown storage compartment on the inside of the door for 7 of your favorite bits

A nice compliment to these widely used Partsmaster products
