DIRECTIONS FOR USE
Approved commercial applications used in homes, offices, automobiles, ship sails, buses, trains, ships, boats and airplanes and institutions e.g., schools, hospitals, daycare centers, churches, correctional facilities

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Dry treated areas and articles such as clothing before use. Remove children and pets from treated area until completely dry.

SURFACEGUARD90 RTU can be applied to organic and inorganic substrates by fogging. All surfaces must be cleaned prior to fogging. Fogging is supplement to normal cleaning and practices. Fogging can be used in homes, offices, automobiles and institutions e.g., schools, hospitals, daycare centers, churches, correctional facilities, and food processing facilities.

1. Prior to fogging, remove and carefully protect all food products and packaging materials.
2. Fog areas using one gallon per 1000 cu. ft. of room area.
3. Allow surfaces to dry thoroughly and air dry before operations resume.

Dry substrates at temperatures from ambient to a maximum of 160ºC (320ºF) to effect complete condensation of silanol groups and remove water, solvents and/or traces of methanol from hydrolysis. Optimum application and drying conditions, such as time and temperature should be determined for each application before use. If necessary, reapply SURFACEGUARD90 RTU every three months or when odor, staining and discoloration due to bacteria, mold stains, and mildew stains return.

The active ingredient in SURFACEGUARD90 RTU is effective against odor-causing bacteria, bacteria which cause staining and discoloration, fungi (mold and mildew) and algae as a static agent. SURFACEGUARD90 RTU can be used as a final bacteriostatic finish on the following items to impart bacteriostatic/fungistatic (mold and mildew) and algae static activity.

APPROVED APPLICATIONS:
- Air Filters for furnaces, air-conditioners, air purification devices, automobiles, re-circulating air handling systems; bed sheets, blankets, and bedspreads; buffer pads (abrasive and polishing); carpet and draperies; fiberfill for household, industrial, and institutional sponges and mops; sand bags, tents, tarps, sausals, and ropes; athletic and casual socks; shoe insoles; shower curtains; socks comprised of nylon, nylon/silk, cotton/nylon, linen/lycra, acrylic/polypropylene, nylon, lycra, wool/silk/nylon/lycra and wool/ acrylic/nylon/lycra; throw rugs; towelling made of 100% cotton, 100% polyester, and blends of the two; fibers; synthetics and furnishings; upholstery made of acetates, acrylics, cotton, fiberglass, nylon, polyester, polyethylene, polyolefins, polypropylene, rayon, spandex, vinyl, wool; vinyl paper-wallpaper for non-food contact surfaces; disposable wiping cloths that can be used for multiple purposes such as dusting or washing furniture, cars, walls, windows, floors, appliances, dishes, counter tops; the wiping cloths do not impart pesticide properties; women's hosiery and intimate apparel.
- Furniture (ceramic, leather, vinyl, fiberglass, nylon, polyester, polyethylene, polyolefins, polypropylene, rayon, spandex, wool) - All surfaces must be cleaned prior to fogging. Fogging is supplement to normal cleaning and practices. Fogging can be used in homes, offices, automobiles and institutions e.g., schools, hospitals, daycare centers, churches, correctional facilities, and food processing facilities.
- Mattresses, pillows, box springs, and other bedding materials; school uniforms; outerwear apparel (jackets, sweaters, sweatshirts, coats, raincoats, overcoats, jerseys, ponchos); polyurethane and cellulose foam for household, industrial, and institutional sponges and mops; sand bags, tents, tarps, sausals, and ropes; athletic and casual socks; shoe insoles; shower curtains; socks comprised of nylon, nylon/silk, cotton/nylon, linen/lycra, acrylic/polypropylene, nylon, lycra, wool/silk/nylon/lycra and wool/ acrylic/nylon/lycra; throw rugs; towelling made of 100% cotton, 100% polyester, and blends of the two; fibers; synthetics and furnishings; upholstery made of acetates, acrylics, cotton, fiberglass, nylon, polyester, polyethylene, polyolefins, polypropylene, rayon, spandex, vinyl, wool; vinyl paper-wallpaper for non-food contact surfaces; disposable wiping cloths that can be used for multiple purposes such as dusting or washing furniture, cars, walls, windows, floors, appliances, dishes, counter tops; the wiping cloths do not impart pesticide properties; women's hosiery and intimate apparel.
- Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in original, tightly closed containers below 30ºC (86ºF) and above 0ºC (32ºF) in a secure area inaccessible to children and away from food or feed.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

IMPORTANT: WARRANTY AND DISCLAIMER INFORMATION

Pureshield Inc. warrants the product conforms to its chemical description and is reasonably fit for the purposes stated in this bulletin when in accordance with directions under normal conditions of use; but this warranty of fitness for a particular purpose does not extend to the use of this product contrary to bulletin instruction, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.

PURESHIELD INC. SPECIFICALLY DISCLAIMS ANY OTHER EXPRESSED OR IMPLIED WARRANTY, INCLUDING THE WARRANTY OF MERCHANTABILITY and the warranty of fitness for a particular purpose.
